OUR VISION

To become the most recognized and dynamic business Enterprise in Sri Lanka

OUR MISSION

Gamini Construction is dedicated to providing quality construction, technical, corporate social responsibility and management services to our customer, we are committed to providing the highest level of professionalism, ethical service response, and a long term relationship with our clients, based on safety, quality, timely service and an anticipation of their needs.

OUR SERVICES

We place the most experienced professionals on every project undertaken. We always follow closely on our customers' requirements and are always ready to use latest technological solutions. We support our clients from the project inception to its full commission. Having branches overseas, we are able to stay in close touch with our customers from abroad.

THE HISTORY

Gamini Construction was established in 1995 as a Sole Proprietor Organization and since then this organization has become one of the largest and most respected Building and Civil Engineering Contracting Organization in the Country. Although in the beginning we understood the building Construction projects, Shop office Complexes & Factory Building Etc., Gamini Construction expanded and diversified to undertake the Construction Projects in the field of Water Supply & Drainage, High Ways & Bridges and Irrigation Structures etc. This Organization has been further enhanced by number of fully developed support services such as pre-cast Concrete Yard & Crusher. In 2009, with the award of ISO 9001:2008 our quality management system vhad been extended and became the hallmark for quality in Construction.

Under the patronage of Gamini Construction, there are other operation organizations such as Gamini Furniture & Timber Stores.

Gamini Furniture & Timber Stores was established in 1978 as Sole Proprietor and since then this Organization has become one of the largest manufacturer and Supplier of all kinds of Modern Furniture & Supplier of local & imported sawn Timber Varieties. We have three saw mills, three electrical operated workshops to Manufacture all kinds of furniture Items etc., which mainly is been supplied to government bodies such as the Sri Lanka Army, Air Force and Other government bodies & also the Private Sector.

CHAIRMAN

MESSAGE

Y. A. Gamini Perera, the chairman of Gamini Construction which was established in 1995, at a time where Sri Lanka was embarking on its commencement towards prominence on the Nation's Business and Economic Stage. Looking into our humble beginning, where Business was started as a sole proprietorship where initially we only took undertook building construction eventually expanded into, Land development and Recreation, Road Construction and Irrigation System Developments where today no business is remote to us. Being expert in all fields currently has become hallmark for quality construction.

With the passage of time, turning around into a partnership business, now we have reached the status of a private limited company expanding our services to wider range customers facilitating sustainable growth of the company. The successful combination of managerial, operational and technical skills of the employees together with human capital and business infrastructure has paved the way for the growth of the company enabling our company to seize the existing and emerging market opportunities, thereby building value.

As a business, our focus is to balance the interests of all major stakeholders in ways which work to everyone's mutual benefit and success. We extend heartfelt thanks to our clients for giving us the opportunity to serve their needs and building confidence on our service. Gearing up for the future to be one of the most competitive construction firm focusing on efficient operations, reliability and trust for customers creating long term customer relationships.

MESSAGE

MANAGING DIRECTOR

Eng. Y. A. H. Gihan Perera, the Managing Director of Gamini Construction, a diversified civil construction establishment which began its corporate journey in the early 1995 securing a prominence position within the nation construction industry.

He directs the Company as the Managing Director which has gained remarkable status as an up and coming leading and a pioneering construction firm with ISO 9001 TUV SUD certification enhanced with a high construction contractor status of C-1 awarded by ICTAD. Eng. Gihan is a proud product of St. Thomas's Mt. Lavinia, qualified as a BSc Holder in Civil Engineering from Swinburne University of Technology, Australia. With the knowledge gathered, himself rendering an immense service to the Sustainable growth of the Company. Currently an active member of the Young constructors forum and one of the founding members.

As a leading construction company in Sri Lanka, company has always been a key contributor to the Sri Lankan construction industry. We proudly associate ourselves with prestigious and landmark projects within the Country in both Government and Private Sector. As a business, the focus is to balance the interests of all major stakeholders in ways which work to everyone's mutual benefit and success. We are committed to having a good partnership, transparency and reliability with our clients. We utilize our experience and well qualified and expertise Staff team to provide prompt and qualitative services at their maximum benefit, which encourages repeat patronage and good will from our clients and partners.

As we look ahead to the future, we eagerly embrace new technologies, innovative thinking, and operational and technical change to facilitate sound performance of the Company. Our commitment, at all levels, to excellence, quality and relationships remain the base of Gamini Construction success story. We believe that the long term value creation in our Group rests on the sustainability of the performance of our businesses, our environment and the communities in which we operate. In this endeavor, we are committed to achieving the highest standards of corporate citizenship.
